Read Act Assessments				
Grades K-6th	Dibels and Aims Web	August-May (Interim Assessments occur three times per year, August, January and May). Progress monitor students in the red once a week, yellow, every two weeks, and green once a month.	To progress monitor students who are demonstrating developing or emerging literacy skills and to evaluate students' growth and achievement in reaching reading proficiency.	1 hour
School Readiness				
Preschool and Kindergarten	Teaching Strategies Gold	August-May (Three checkpoints will be submitted to the Colorado Department of Education) documenting each student's readiness as required by the state of Colorado. Students are monitored and assessed throughout the year by the preschool and kindergarten teacher. Checkpoints occur in October, February and May.	Students are assessed in the identified milestones in Teaching Strategies Gold on an on-going basis. Students are proficient when they show mastery of a skill assessed three times.	1-2 Hours
MAPS – District Achievement and Growth (Measures of Academic Progress)				
K-12	NWEA	Fall, Winter and Spring Benchmark Assessment.	Students are assessed three times a year identifying their acquisition of grade level standards as well as growth over the course of the year.	2-4 Hours

ASSESSMENT SCHEDULE / WINDOW

This table identifies testing windows for state mandated assessments this spring. Specific school testing calendars with administration dates will be established within a given assessment window after the district and schools receive finalized testing time requirements. School specific schedules will be communicated from each school to parents before testing.

Why do we administer these tests? All assessments in this schedule are mandated by state law; those mandated by federal law are noted with an *.

How will results be used? Our district uses assessment results to plan professional development for educators, refine instructional strategies and foster student understanding of content measured in each assessment.

How long do these tests take? Estimated times represent *time on test*, but do not factor in preparing students and reading directions.

What if I don't want my student to test? As provided for in state law and district policy, parents may excuse their students from taking CMAS, PARCC and state-mandated college preparatory and college admissions examinations.

Footnotes associated with the schedule:

- Federally mandated tests: English Language Arts & Math in grades 3-8, science one time at elementary, middle and high school; language proficiency test for English Language Learners (ELL) that are non- or limited-English proficient whether in an ELL program or not.
- DLM & CoAlt tests are available per Individual Education Plan (IEP) eligibility to participate in an alternate assessment in place of the associated test.
- In place of the ELA test, the Colorado Spanish Language Arts is available to eligible 3rd & 4th students learning English participating in a bilingual program.
- ELA and Math testing between April 9th-27th is available, as needed depending on technology resources in each building.
- Social studies test will be administered on a sampling basis to one-third of schools each year; the high school sample (grade 11) will include half of schools in spring 2017 and then the other half spring 2018.
- Students at risk of failure is defined as students scoring below grade level on Dibels/Aims and/or CMAS, Emerging Bilinguals who have not yet met grade level targets and students new to the district. Teachers have the option to assess all students. Dibels and Aims Web testing is coordinated through the principal and RtI/IEP Testing Team.
